Dear Mary -

I know what a tragedy both you and Buck are suffering. My heart goes out to you.

Larry Harris, Larry Howard and I had a long dim last night, and as Harris said "it's time the issue ought to be addressed" about abuses, misrepresentation and fraud in the research community.

Some people think that Gary Mack tampered with the SPD recordings himself. But it's not just his craziness, there is just too much abuse and I'd like to make a speech about it.

I talked with Farris Rookstole for a couple of hours yesterday, I'm tired of being suckered by people such as Hifton et al. He's been conducting bogus investigations and it's much worse than you think.

Mary, it's wrong for me to be excluded from A.S.K. etc. I had two major best sellers this year and I should be invited to give a key note speech and a press conference in October at A.S.K. It's wrong for me to have to ask you or anyone to allow me to keynote or even be invited.

Jim Hesar sent me to you about this.

God bless,

Harry L.

P.S. I won't be home until Sept 22 when Kyodo comes to film me direct from Japan.
WRITE me about this.
